

BAY AREA PINSEEKERS GOLF CLUB

Pace of Play Policy (Effective January 1, 2016)

INTRODUCTION

Section 16J of the Club's by-laws states (in part): "The club objective is for all players to complete their tournament round in 4 and 1/2 hours or less." This policy addresses the issue of slow play by establishing a maximum time allowable for a group to finish its round behind the preceding group, and imposing a penalty if that time is exceeded.

The Club's pace of play directly affects its ability to book tournaments based on its collective reputation for the length of its tournament rounds.

While the Club encourages players to monitor their pace of play in other Club events (e.g. match play or team events), this policy currently affects only tournament rounds.

As representatives of an Associate Club, the Board is adopting those aspects of the NCGA's "Pace of Play Policy" and modified those which it feels will be helpful in addressing this issue.

PLAYER'S RESPONSIBILITY

Compliance with pace of play is every player's responsibility, including knowing the group's position to help ensure they play within the maximum time. That extends, if needed, to speaking to one or more of the other players in the group who may be causing the entire group to fall out of position.

MAXIMUM TIME ALLOWED

A group must finish its round less than 20 minutes behind the preceding group.

EXCEPTION: If the preceding group finishes under 4 hours, the MTA is increased to 30 minutes.

APPLICATION OF PENALTY STROKES

Consistent with the NCGA's policy in this area, the Tournament Director, on advice of the Time Monitor, will add any penalty to the player's last hole played, regardless if it assessed in a shotgun OR regular tee time tournament. Penalties will, therefore, always affect gross and net scores, and MAY affect Skins or other competitive awards.

DOCUMENTATION BY GROUP'S RULES DIRECTOR (RD)

Section 16H of the Club's by-laws requires the low handicap in each group to act as "Rules Director" for the group; this includes enforcing pace of play guidelines.

The RD shall note the actual time the group tees off on its first hole (whether the event uses a shotgun or tee time start) on a time card provided at the start of the round. Time starts when the first drive within the group is hit.

The RD should monitor the group's pace throughout the round, with a goal of averaging 16 minutes per hole (which translates to approximately 4 hours and 45 minutes), and advise the group when it is in danger of falling out of position. The RD should also encourage individual player actions that will help keep the group on pace.

At the round's conclusion, the RD shall note the group's ending time (i.e. when the last putt has dropped on the final hole) on the time card. The RD shall then submit the time card to that day's designated Timing Monitor, who will be stationed near the 18th green or another assigned area. The group's final scorecard card shall be submitted separately to the Tournament Director.

DUTIES OF THE TOURNAMENT TIME MONITOR (TM)

At each tournament, an assigned member (Board member or designee) shall serve as TM to collect and review each group's time card at the round's conclusion.

The TM shall immediately advise the RD of any group that has exceeded the MTA that the group is eligible for a penalty assessment; this shall be done before the group leaves the course.

The TM shall advise the Tournament Director of all penalty strokes to be assessed.

APPEALS

Any player who has been assessed a penalty may appeal the decision to the Time Monitor, but must do so before leaving the course.

An appeal will only be considered by the Time Monitor if a player has been:

- delayed because of circumstances beyond the control of the player or the group; or
- delayed because of the specific actions of another player in the group.

As noted in Section 16C of the Club's by-laws, the Handicap Director "...shall make the final determination regarding the application of rules in all tournament play." The Board has extended that authority to the Time Monitor.

RECORD-KEEPING

The Recording Secretary shall maintain a list of all members who receive penalty strokes during the year.
